

ISTE STUDENT CHAPTER

Industrial Visit to Nikoo Forge Pvt. Ltd.

Faculties accompanied: Dr. ChetanKumar Patel & Mr. Babubhai Vania

Date: 25/01/2019

Branch: Mechanical Engineering

Semester: 4th sem (Degree & Diploma)

No. of students: 24

Summary of the Industrial Visit:

Department of Mechanical Engineering, School of Diploma Studies & School of Engineering, RK University collaboratively organized an Industrial Visit to Nikko Forge Pvt. Ltd. This visit was mainly intended to enhance the knowledge of the students about the forging process as per its sequence, observe quality control and maintenance of various machines on the shop floor and understand CNC machines operations. Students were able to recognize various elements of the ongoing forging process with respective to their regular theoretical sessions. They also observed the CNC turning and milling operations. They also witnessed the die manufacturing process in relation to the hammer, punching and furnace combinations.
